The following information is for students who are part of a team at the 2020 Middle School Ethics Olympiad online. In conducting the Ethics Olympiad, we hope to raise the profile and promote the study of Ethics in Middle schools. Congratulations on being selected to represent your school.

- Schools are entering teams of four/five students.
- The Ethics Olympiad is based on a US competition called an Ethics Bowl.
- On the day, all students will be involved in a series of four Ethics Olympiad heats.
- There are eight ethical cases that all participants have access to before the event.
- At the end of each case you will find some questions which your team might be asked to address on the day.
- You will work together as a team to come up with the best response to the question.
- The first round on the day will be a practice round (unscored).
The scoring criteria rewards, clear, concise, respectful discourse around interesting ethical cases. Please familiarise yourself with the cases.

The results will be collated at the end of the event and we will contact all schools within 24 hours indicating which teams were awarded first second and third place. The top three teams will be invited to participate in an international between Chinese schools and Australasian schools.

**Prior to the event**

Students will need to be familiar with the eight ethical cases provided with this kit.

**Tech needs**

Each team will need to use a laptop or a tablet that has a camera and built in microphone. Once the device is registered by your coach you will be able to access the Olympiad on the day. We will be contacting your coach about how to register each device about one month before the event.

Students will need to be dressed in school uniform on the day.

Heat Format, Rules & scoring

The heats will be run in a breakout room within Zoom. Each room will have two teams and a moderator/judge. After brief introductions, the moderator will toss a coin to determine which is team A and which is team B. The case will then be announced, and the question will be read out. Students will then be invited to have a two-minute team meeting. Students have 2 minutes to discuss and plan their response to the question. Team A then have 5 minutes to present their case. (Only one person can speak at a time) The moderator will provide a 30 second warning when that time is nearly up. A one-minute conference will then be afforded for Team B to offer their critique. Following that Team B has 3 minutes to present their critique. Again a 30 second warning will be provided by the moderator. Team A will then have a 1-minute meeting to prepare their response to the critique. Another three-minute period is provided for Team A to respond, again with a 30 second time warning.

Following this the judge (s) will have 7 minutes Q&A with Team A. (Students can ask to have a 30 second private conference before responding to their questions)

Once the judges have finished their Q&A the moderator will read out the next case and Team A swaps rolls with team B and the same process is repeated as above.

At the end of the Heat please make sure you thank the moderator and the judges.

**Prizes**

Please note that medals will not be awarded during the day but announced within 24 hours to the organising teacher. Gold, Silver and Bronze medals will be posted to the winning schools soon after the event and can then be awarded at a school assembly.
The Ethics Olympiad scoring criteria should be used in conjunction with the score sheet. Please remember, teams are strongly encouraged to think of themselves as being on the same side rather than as opponents. That is, both teams are working together to solve a difficult problem—while impressing the judges with thoughtful analysis and support. Listening to the other team with an aim to affirm, supplement, or build on their argument is a prudent approach.
